General Information

Queensland Certificate of Education (QCE) Requirements

Set amount

20 credits from contributing courses of study, including:

- QCAA-developed subjects or courses
- vocational education and training (VET) qualifications
- non-Queensland studies
- recognised studies.

Set pattern

12 credits from completed Core courses of study and 8 credits from any combination of:

- Core
- Preparatory (maximum 4)
- Complementary (maximum 8).

Set standard

Satisfactory completion, grade of C or better, competency or qualification completion, pass or equivalent.

Literacy & numeracy

Students must meet literacy and numeracy requirements through one of the available learning options.

Australian Tertiary Admissions Ranks (ATAR)

The ATAR is the standard measure of overall school achievement used in all other Australian states and territories. It is a rank indicating a student's position overall relative to other students. The ATAR is expressed on a 2000-point scale from 99.95 (highest) down to 0, in increments of 0.05. ATARs below 30 will be reported as '30.00 or less'.

ATAR Eligibility

To be eligible for an ATAR, a student must have:

- satisfactorily completed a QCAA English subject
- completed five General subjects, or four General subjects plus one Applied subject or four General subjects plus one VET course at AQF Certificate III or above
- accumulated their subject results within a five-year period.

While students must satisfactorily complete an English subject to be eligible for an ATAR, the result in English will only be included in the ATAR calculation if it is one of the student's best five subjects.

ATAR Calculation

The ATAR will be calculated by combining a student's best five subject scaled scores. Scaled scores will be derived from a student's subject results as reported to QTAC by the Queensland Curriculum and Assessment Authority (QCAA), using a process of inter-subject scaling.

Vocational Education and Training (VET) and the ATAR

Each VET qualification level (Certificate III or higher) will have a single scaled score that can be included in a student's ATAR. It is expected that the scaled score for a completed VET Diploma will be higher than that for a completed VET Certificate IV, which in turn will be higher than the scaled score for a completed VET Certificate III. For more information visit: <https://www.qtac.edu.au/atar/>

Vocational Education and Training in Schools (VETiS) Funding Arrangements

VETiS funding is Queensland Government funding that supports eligible students to complete one nationally recognised vocational qualification while they are at school. The funding covers the cost of an approved qualification and associated training and assessment. As students are only eligible for one VETiS funded qualification at a time, they should carefully consider their course selection to ensure it aligns with their career interests and future pathways. Where students choose more than one VETiS funded qualification, one of those qualifications will not be funded and will therefore incur a course cost.
