

# Clifton State High School

## School review conducted 26 to 28 October 2020

Every Queensland state school is reviewed by the Department of Education at least once every four years. School reviews provide important feedback to support schools in continuing to deliver quality education and improve learning outcomes for students.

### Review highlights

- ✓ A school proud of its town in a town proud of its school.
- ✓ A school of excellence in agriculture and equine studies.
- ✓ A community preparing students for their chosen pathway through whatever it takes.
- ✓ Focusing on what you want to see more of every day – *achieving in every field.*

### Consultation

**Total of 110 interviews**

**14 community members and stakeholders**

**46 school staff**

**43 students**

**7 parents and carers**

**Each school review generates a number of key improvement strategies to inform continuous improvement in all state schools. The next steps are...**

- ➔ Collaboratively develop, document and implement line management practices for all school leaders with an inbuilt quality assurance process.
- ➔ Collaboratively review and refine the school's data plan, documenting the full range of data to be collected, including wellbeing data, responsibilities for the collection, analysis and application of the data to improve student learning outcomes.
- ➔ Refine, communicate and implement a matrix of expected behaviours to enhance consistency in the implementation of the school's agreed code of conduct.
- ➔ Collaboratively revise and implement collegial engagement processes to enable ongoing observation, feedback, mentoring and coaching processes for all teachers.
- ➔ Collaboratively develop a whole-school curriculum plan across Year 7 to Year 12 to ensure alignment with Australian Curriculum and Queensland Curriculum and Assessment Authority syllabuses.
