

HOMEWORK POLICY

Homework which is thoughtfully assigned and checked can contribute to learning.

Objectives:

Homework must be set to –

- Develop student self-discipline, independence and responsibility;
- Improve student academic achievement;

Operating Principles:

Homework will be thoughtfully assigned for each subject except for practical subjects.

The amount of homework will increase with the complexity of courses from Year 7 to Year 12.

Homework will generally be for –

- practice - opportunities to apply recent learnings
- extension - encouraging the student's individualised and imaginative pursuit of knowledge
- revision - learning work recently covered in class to increase retention
- completion of assessment tasks or classwork

The types of homework will be varied

Differentiation will apply to homework.

The student diary should be used to record homework and assessment dates.

Homework will be checked.
